3 reasons why we love GlassUp & you will too

Unique

GlassUp is the first and only lunch box in the world with a glass lid. Your food is literally not in contact with any plastic.

Convenient

Unique vented design makes it extremely easy to open the lid by releasing steam from the food unlike any other glass lunchbox.

Durable

Sleeve makes it break-resistant and easy to hold glass after being heated in the microwave while making it the most stylish meal box ever.
